(HEALTH)

* Oceanside requires students to take one CATE course each year. Students will graduate with four credits. (Example of courses: Fundamentals of Computing, Workplace Communications, Accounting, and Entrepreneurship).

** Most 4-year colleges require 3 lab sciences. Introductory science classes in which Biology, Earth Science, and/or Chemistry are not a prerequisite may not count as a lab. Such intro sciences may include Physical Science and Environmental Science.

*** South Carolina 4-year colleges require students to earn one unit of Fine Arts credit (one unit in Appreciation of, History of, or Performance in one of the fine arts).

**** Most 4-Year colleges require two or more credits in the same Foreign Language.
